Change the start time for each board: 00:00 4

Change the end time for each board: 24:00 5

New notebook Update

(1) Keep or update colors customization/clipping and the order of areas/axes:

- colors and clipping : keep the book customization, or update from the Create phasing interface settings.
- order of areas/axes: keep the book customization, or update from the Create phasing interface settings (“Areas priorities” panel) and also from the status order (*Project > Properties*).

- axes width : keep the book customization, or update from the Create phasing interface settings.

(2) Add new pages to the deliverable:

(3) Page by page modification:

- modify the dates and start/end time, and also the associated drawing.
- delete one or several boards.

(4) Global change of start/end times for the entire book.

(5) Apply the previous settings to the existing logbook, or create a new logbook.
